PROJECT SUMMARY

Personnel Web Portfolio (October 2023 – Present)

A personnel web portfolio created with HTML, CSS, and JavaScript is a digital showcase of an individual's skills, projects, and achievements. HTML structures the content, CSS styles the layout and appearance, while JavaScript adds interactivity and dynamic features, collectively providing a comprehensive online representation of a person's professional profile.

Cryptoyuga website : Professional Traders' Signals for Binance Futures (December 2023 – Present)

Crypto Yuga, crafted with a blend of technologies, utilizes HTML, CSS, and JavaScript for its dynamic and interactive features. The Binance app integration and signal functionalities showcase the proficiency in these programming languages, ensuring a seamless and engaging trading experience.
